

Internal Medicine

Cornwall Community Hospital - in Cornwall, Ontario is currently looking for a Full-Time Internist to provide consultation within the hospital for general medicine.

The candidate should be comfortable with pacemakers, central line insertion, intubation, non-invasive and invasive monitoring, ventilatory management and use of vasopressors and vasodilators.

Access to supervision of Treadmill tests and exercise and rest nuclear studies is available based on experience. The hospital has a CT, MRI and nuclear imaging along with a cardiopulmonary lab with TMT, PFT. Call schedule is usually Monday morning to Friday morning or Friday morning until Monday morning.

Outpatient practice is unrestricted and in a private office. Office space is available in close proximity to the hospital in a private office setting.

Cornwall, Ontario

Cornwall Hospital offers a quality work life where physicians, staff and volunteers live by the values of **Integrity, Compassion, Accountability, Respect and Engagement (ICARE)**. We provide rewarding career opportunities for physicians and we are looking for additional hospitalists and specialists to join our medical team.

We currently have an excellent complement of consultants including general surgery, orthopaedics, obstetricians, otolaryngologist, internists, psychiatrist, paediatricians and ophthalmologists with an excellent radiology service with ultrasound, CT scan and MRI servicing a catchment area of 100,000 people from the communities of Cornwall, the United Counties of Stormont, Dundas and Glengarry and to the Mohawk Community of Akwesasne.

Cornwall offers small-town living only 1 hour away from Montreal and Ottawa with border crossing to the United States. Cornwall has an exceptional location on the shores of the St Lawrence River. There are plenty of beautiful, spacious homes to be found at remarkable attractive prices.
