

**Cornwall Community Hospital
Hôpital communautaire de Cornwall**

**Diagnostic Services
JOB POSTING
(OPSEU Local 402)**

JOB TITLE: Nuclear Medicine Technologist (**Temporary Full-Time**)

As part of the Cornwall Community Hospital you uphold the mission, vision and ICARE values in order to create a safe environment for patients/clients, families, staff, physicians and volunteers, recognizing “Patient Safety” and our hospital’s “Senior Friendly Strategies” as a top priority in creating a culture of safety and “The Workplace of Choice”.

DUTIES: Under the direction of the Director, Diagnostic Services and under the supervision of the Nuclear Medicine Charge Technologist, the technologist will perform all required Nuclear Medicine examinations according to prescribed standards. He/she will produce images following departmental protocols, utilize all protective radiation safeguards, prepare and administer radiopharmaceuticals and perform daily quality controls on our products and equipment. He/she will document all appropriate information in the radiology information system and uphold all policies and procedures of the department and organization.

QUALIFICATIONS:

Required:

- Current Registration with the College of Medical Radiation Technologists of Ontario with Designation of Nuclear Medicine certification
- 2 years minimum technical experience in Nuclear Medicine
- Recent relevant experience
- I.V Certification and experience administering radiopharmaceuticals
- Proficiency with Nuclear Medicine equipment and associated medical devices
- Excellent computer skills and good working knowledge of HIS, RIS and PACS
- Demonstrated effective communication skills, critical thinking, problem solving, decision making, and organizational skills
- Proven knowledge and experience of routine quality control procedures specific to Nuclear Medicine
- Must be able to multi-task in a fast paced work environment
- Strong attention to detail and the ability to work well with multiple interruptions
- Ability to work independently and within a multi-disciplinary team environment
- Must meet physical demands of position including lifting over 60 lbs. and withstand constant standing and/or walking.
- Ability to respect and maintain confidentiality
- Current certification in BCLS
- Demonstrated regular/punctual attendance
- Demonstrated commitment to patient safety
- Functional level in both official languages (oral and written in English; oral in French) – and testing completed

Assets:

- Current registration with the Canadian Association of Medical Radiation Technologists

SALARY: \$30.89 - \$41.40 per hour.

HOURS: Scheduled (all shifts).
